TEARING DOWN OLD

WEST SIDE BUILDING

Modern Brick Building Will Be Erected on Thames Square.

In the tearing down of the building on Thames square to make room for the new modern brick building which the owner, Mrs. Mary Murphy, will erect, the West Side will lose one of the biddest, if not the oldest, building in that vicinity. At one time it was the old West Chelsa hotel and was so build that a very fine view of the harbor could be seen from the windows.

The building is made of the best of Boswell Avenue School.

The building is made of the best of materials, all beams and joists are quartered oak and the underpluning, and etc., are of the heaviest lumber. The base of the big chimney in the house dis

HOW TO BE SLIM

If you are too fat and want to reduce your weight 15 or 20 pounds don't starve and weaken your system, or think you must always be laughed at on account of your fat, but go to Lee & Osgood or any good druggist, and get a box of Oil of Korein capsules, take one after each meal and one before retiring at night.

mean and one before retiring at night.

Weigh yourself once a week and note what a pleasant and reliable method this is for removing superfluous fat from any part of the body.

It costs little, is absolutely harmless, and a week's trial should convince anyone that it is unnecessary to be burdened with even a single pound of unsightly fat.

Why Several \$3.00 Memo Models Must Be Advanced To \$3.50

The reason is obvious when one considers the condition of the market for raw materials. Steels, also cotton fabrics and rubber, are scarce and high. All these materials are essential in making fine corsets and must be of the best quality. So the Nemo price must be advanced, or else the famous Nemo quality must be sacrificed, and this the makers will never do.

Until June 30, 1916, therefore, you can get your favorite \$3.00 Nemo here, at the

After that day you will get the same standard-quality Nemo, but the price will be \$3.50—and it will still be a big extra value at the new price.

But if you wish to economize, better get a supply before July 1.
